

FIG. 1

DNA Amplification in Cells of the Chinese Hamster  
Positive Control: Genotoxic Carcinogens

Negative Control: Non-carcinogens

Relative DNA Content

FIG. 2

Relative DNA Content

DNA Amplification in Cells of the Chinese Hamster  
Tumour Inducers $\mu\text{g/ml}$  Chrysarobin $\mu\text{g/ml}$  Mezereln $\mu\text{g/ml}$  TPA $\mu\text{g/ml}$  Cumarin

FIG. 3

# DNA Amplification in Cells of the Chinese Hamster

## Non-genotoxic Carcinogens

## Testosterone without and with 59 mix
